

SENATE TO MEET IN EXTRA SESSION

President Roosevelt Will Ask Upper
House to Ratify Reciprocity
Treaty With Cuba

AFTER THE FALL ELECTIONS

Senate Will Convene Early in November—Treaty Now Requires Only the Finishing Touches.

WASHINGTON, August 12.—Advice received here indicates that President Roosevelt will call the Senate in extraordinary session early in November. Ever since it became evident that nothing would be accomplished as to reciprocity with Cuba at the recent session of Congress, rumors of a more or less definite nature have been in circulation that the President would call an extra session of the entire Congress to enact Cuban reciprocity legislation, or of the Senate to ratify, if possible, a reciprocal treaty with Cuba. During the past week it has been stated that it was the purpose of President Roosevelt to call a special session of the Senate in September. It can be stated by authority that he has no such intention. His time and that of many members of both political parties will be occupied during September and October.

A Campaign Issue.
It is understood that the question of relations with Cuba will enter into the approaching campaign, and it is stated that the President feels that the Democrats will be less likely to offer serious opposition to the reciprocity treaty after the election than they would before that time.

A treaty with Cuba practically has been prepared. It requires only the finishing touches and the signature of Minister Quesada and Secretary of State Hay to make it ready for presentation to the Senate.

No definite date, it is understood, has been fixed upon for the meeting of the Senate in November, but that it will be soon after the election is certain. The President, it is said, hopes to have the reciprocity question cleared away entirely before the regular session.

HIS REVENGE IN SUICIDE.

Husband Killed Himself and Burned His Money.

(Special to The Indianapolis News.)
ROCKFORD, Ind., August 12.—It developed that the death of Julius Hoffman, a farmer near here, yesterday, was caused by his own hands.

Hoffman was an eccentric man of sixty-five years. He had saved considerable money from the farm on which he lived, but before he took his life he was burned between \$1,000 and \$4,000 in bills, so that his young wife, with whom he frequently quarreled, could not enjoy the benefits of his savings.

When his wife found his dead body she also discovered the burned money, which represented years of hard labor. Hoffman recently went to Germany, and while there he married the young woman who is now his widow.

COSTLY WRECK AT WINONA.

Collision Near the Park May Cost One Hundred Thousand Dollars.

(Special to The Indianapolis News.)
WINONA LAKE, Ind., August 12.—A Pittsburgh-Chicago freight train was demolished and a local passenger train badly wrecked by coming into contact here, last night.

Twenty-four loaded freight cars were telescoped and piled in a heap of wreckage, twenty-five feet high.

Half Mile of Trains Held Up.
A half-mile of Pennsylvania fast west-bound trains, including the twenty-hour train, were held, and east-bound trains were sent back to Plymouth, south via the Vandavia to Logansport, and on to Pittsburgh.

The wreck was caused by the local passenger train backing for the fast freight to pass and failing to get clear of the main track by a few inches.

The big six-driver freight engine caught the edge of the passenger engine. The latter engine and the freight train were left in a wreck. The heavy freight engine had one of her cylinder heads torn open, and was derailed and overturned, badly damaged. Both engines and engineers jumped and escaped serious injury.

CHINESE A SUICIDE.

Wong Yeh Takes His Life in Toledo Jail.

TOLEDO, August 12.—Wong Yeh, a Chinese, under arrest for entering the United States in violation of the immigration laws, committed suicide in the county jail here last night.

DOHERTY DEFEATS MAHAN.

SOUTHAMPTON, L. I., August 12.—Daniel Long Island championship lawn tennis tournament was begun here to-day on the courts of the Meadow Club. On the championship court were placed R. H. Doherty, the former champion of England, and Lyle F. Mahan, the holder of the Columbia beat Mahan 6-4, 6-3.

BARCELONA IN HANDS OF REVOLUTIONISTS

INVASORS SACK THE TOWN AND
SPREAD TERROR.

ANOTHER VESSEL IS NEEDED
The Cincinnati Ordered There to Protect United States Consul—The Topoka at Port Cabello.

WASHINGTON, August 12.—Minister Bowen cables the State Department from Caracas that our consul at Barcelona has been taken by the revolutionists, and that they are sacking the town, and that in his judgment the protection of a vessel should be immediately afforded him.

Mr. Bowen said he had cabled the Cincinnati to return without delay. He noted that the Topoka was at Porto Cabello, and the Marietta up the Orinoco river. The Navy Department, on receipt of the message from Minister Bowen, issued orders directing that either the Cincinnati or the Topoka proceed to Barcelona. The vessel which remains at Porto Cabello will land blue-jackets there if it becomes necessary.

LOCKE A FAILURE.

Commander McCrea Telegraphs from Cape Haitien.

WASHINGTON, August 12.—The Navy Department to-day received two cablegrams from Commander McCrea, of the gunboat Machias, dated Cape Haitien, August 12, in which he reports that the attempted blockade of the port by the revolutionists is ineffective. In the first dispatch he said:

"Have decided blockade spasmodic, therefore ineffective. Have notified consuls. Will protect innocent, neutral, commercial ships."

In the second dispatch, which came later, he said:

"Consider blockade abandoned; American schooner reporting blockade absent."

THE ELUSIVE PETER POWER.

Northern Pacific Case Again Up in New York.

NEW YORK, August 12.—The examination, begun yesterday, of George A. Lamb, counsel for Peter Power, in the action against the Northern Pacific directors to prevent them from turning over the stock of the company to the Northern Securities Company, was resumed before Special Examiner Mable to-day.

Lamb said that Power had paid him for services in the case, and denied that he had received a dollar from Camille Wedeloff, or Content & Co. Telling of a talk with Governor Van Sant, he said that he had secured an opinion on one hundred shares of Northern Pacific common stock from Content & Co. He denied the certificate over to Captain Stern, a friend, on December 30, 1901, for the purpose of beginning a lawsuit. It is said that Power is staying at a hotel in Montreal.

WIFE OF LINCOLN'S FRIEND.

Mrs. Frances H. Speed, Who Lies Dead in Her Kentucky Home.

LOUISVILLE, August 12.—Mrs. Frances Henning Speed, who is dead at the age of eighty-two, at her home on the Cherokee road, was the widow of John F. Speed, who was one of Abraham Lincoln's closest personal friends.

Her early life and the life of her husband, who was a close friend of Lincoln, is told in Hay and Nicolai's biography of him that Lincoln was Mr. Speed's constant friend and confidant.

Miss Henning, who afterward became his wife, and that on the testimony of his friends, his hands were found in his marriage was due to Lincoln's union to Miss Mary Todd, of Lexington, Ky., to whom he had been engaged for several years, and from whom he had been estranged by the breaking of that their mutual feelings were not such as to pledge a wedded life of happiness.

The same writer makes the statement that "It is hardly too much to say that Joshua Speed was the only one who was certainly the last intimate friend that Lincoln ever had."

CHINESE A SUICIDE.

Wong Yeh Takes His Life in Toledo Jail.

TOLEDO, August 12.—Wong Yeh, a Chinese, under arrest for entering the United States in violation of the immigration laws, committed suicide in the county jail here last night.

He and two other Chinese were arrested at the Union station a few weeks ago. It is believed they crossed the Detroit river from Canada in a rowboat, and were believed to be engaged in smuggling his fellow-countrymen across the border. Local Chinese say he lived in Chicago some years ago.

TWO BROTHERS DROWNED.

ATLANTIC CITY, August 12.—Daniel Angell, age eight years, and Oscar Angell, age twelve, brothers, of Philadelphia, were drowned in the surf to-day while bathing. Thousands of summer visitors flocked to the beach and watched four life guards making a heroic, but unsuccessful, attempt at rescue. The parents of the boys witnessed the drowning.

PLOT TO BLOW UP INFIRMARY HOME

Inmate of Decatur (Ind.) Poor Farm Had Dynamite Hidden in His Room.

HAD MADE COVERT THREAT
Disappeared When Discovery was Made—Search in Progress and Guards Placed on Duty.

(Special to The Indianapolis News.)
DECATUR, Ind., August 12.—A plot to destroy the Adams county infirmary and to kill the forty-four inmates was unearthed to-day.

A. W. Butler, secretary of the State Board of Charities, was making an inspection of the building, and in the room of Charles Eberman he found a pile of rubbish which he ordered removed.

As the men were taking the stuff out they were horrified to find buried beneath the rubbish sixty pounds of dynamite, two two-pound dynamite bombs and 115 feet of fuse.

ECHERMAN SOUGHT REVENGE.

Echerman has been an inmate of the infirmary over twelve years, and never caused any trouble until last fall, when he was reprimanded by Superintendent J. R. Graber for permitting fire to destroy some eight hundred fence rails and five hundred posts.

He did not take kindly to the reprimand, and since that time has been sulky. He has refused to take meals with the other inmates or to associate with them in any manner.

MADE SIGNIFICANT REMARK.

Yesterday he went to the table and was ordered by the superintendent to eat with the other people. As he took his place he remarked:

"This treatment will not last much longer."

When the discovery of the dynamite was made to-day, Echerman disappeared and although the surrounding country has been carefully searched, no trace of him can be found.

HAS A BOMB WITH HIM.

It is known that he has a dynamite bomb with him, and it is feared that he may return and yet do damage. A guard was kept careful watch until he is found.

Echerman is a genius, and since the new building has been occupied, he has secretly made a key for each door. He made the bombs, which are eight inches long and two one-half inches thick, and made the fuse.

INFIRMARY A NEW BUILDING.

The infirmary has been recently completed and is one of the finest in the State. Had it not been for the discovery of the plot there is no doubt but that the home would have been destroyed.

SECRETARY BUTLER'S VISIT.

Found the Rubbish, but Had Not Heard of Plot.

Secretary Butler, who was at the State House to-day, said that he had inspected the Decatur county infirmary yesterday.

"It is a fine new building," said he, "and I found no signs of anything that were not entirely satisfactory. There was more or less rubbish in some of the rooms, and I ordered it removed. I had not heard of the discovery of the dynamite. I left immediately after my inspection, and I suppose it was found later, as Mr. Butler was quite through the efforts of the officers, and it was believed that the men would be allowed to stand trial."

BY TWOS AND THREES.

Last night, shortly after midnight, armed men wearing masks, came to town and shot at the infirmary.

The police were alerted, and the mob was driven off. The men were armed with revolvers and shotguns, and they were firing at the infirmary.

MURBARGER IN A TANGLE.

Helped Police by a Little Scheme and was Arrested for It.

Sam Murbarger, the wrestler, and the keeper of a billiard room in Illinois street, attempted to assist the police department to-day, and as a consequence he got himself in trouble through a misunderstanding.

Detectives Asch and Manning were searching for Glenn Justice and Ray Hedges, boys that were thought to be implicated in a theft. Murbarger was told to notify the detectives if the boys came in his place.

The appeared, and as a means of holding them until the police arrived, Murbarger allowed them to play pool. While the boys were engaged, Murbarger detected his bicycle and went after the boys.

The police were alerted, and the mob was driven off. The men were armed with revolvers and shotguns, and they were firing at the infirmary.

MACKAY SELLS HIS HORSES.

Mexican Buying Top Price, R. T. Wilson Bought Him For \$20,000.

SARATOGA, N. Y., August 12.—The horses in training, owned by Clarence H. Mackay, were sold in the paddock here to-day. Ten were sold for a total of \$61,400.

An expected, the two-year-old Mexican brought the top price. Starting at \$3,000, with L. Waterbury, F. J. Healy and W. L. Powers as bidders, his price advanced to \$20,000. R. T. Wilson, Jr., secured him.

SUES ACCIDENT COMPANY.

Leopold Meyer Demands Payment on a \$1,500 Policy—His Injury.

Leopold Meyer to-day filed suit in the Superior Court against the Preferred Accident Insurance Company, of New York, to recover \$1,500 due on a policy he held in that company. Meyer fell from a Big Four train near Muncie on the night of February 15 and received injuries that he says will be permanent. He lost his eye, and after the accident, but recently recovered the use of one eye. The insurance company has refused to pay his claim.

LINE TO WINONA PARK.

The Northern Traction Line Makes the Announcement.

The Loganport, Rochester & Northern Traction Company gave notice to the Secretary of State to-day that its road will extend from Loganport to Kendallville, passing through Warsaw and Rochester, and touching at Winona Park.

DOUBLE LYNCHING AT LEXINGTON, MO.

Charles Salyers, White, and Harry Gates, Colored, Hanged by a Mob.

LEXINGTON, Mo., August 12.—A mob, numbering between two and three hundred masked men, battered down the door of the jail in the court yard here and secured therefrom Charles Salyers, white, and Harry Gates, colored, and hanged them to a tree, a short distance south of town. Salyers and Gates killed George W. Johnson a week ago.

THEY KILLED G. W. JOHNSON

Members of the Mob, Who Were All Masked, Battered Down the Jail Doors.

Before they were strung up, Salyers made a statement to the mob, saying that Gates had fired the shot that killed Johnson.

AMERICAN TEACHER WAS BURIED ALIVE

One Man was Killed While Praying for Mercy—Crime was Committed Near Cebu.

MANILA, August 12.—An investigation made by the constabulary to clear up the facts in the killing of a Cuban teacher, a party of four American school teachers, shows that the party was ambushed twelve miles from Cebu. Two teachers were shot and killed at the first volley; a third, who ran, was shot in the back, and a fourth, who was captured, was shot in the chest, while he was praying for mercy. It is suspected that the fourth man was buried alive, as his wound was slight and probably would not have caused death. Dogs dug up two of the bodies and devoured the flesh. It is believed that sufficient evidence has been secured to convict all the participants in the crime.

WATCHED ALL NIGHT LONG.

The boys sat at a window all night with guns in hand, but no whitecaps came. A few days after the tenth day had passed, another letter was received, giving them the second and final notice to leave within five days.

This aroused the boys, and they purchased more arms and ammunition. On the night the whitecaps were to come they lay in the yard and fence corners, awaiting the approach of "Kilgus of the Switch." They failed to come, but said that time the boys have heard rumors of their coming, and they take turns sitting up at night.

THEIR GUNS BESIDE THEM.

While one keeps guard on the home, the others sleep with their rifles and shotguns beside them, ready at any time to protect themselves. After nightfall no one visits the home, as it is sure the boys would open fire, they being so determined.

A man was there buying hops, Friday, and Mrs. Petro told him of the trouble they were having, and said:

"We are going to stay right here," and he added to a stack of arms in the corner, several rifles and shotguns standing there.

BETHANY HAS A ROMANCE.

Mrs. Parrie Jolly, of This City, Wedded to William Hayes.

For years romances of various sorts have occurred at Bethany Park, in which Cupid showed a master hand, but never before, it is said, has a courtship started and ended so auspiciously during the encampment season as one that terminated in a wedding to-day.

At 6 o'clock this morning William Hayes, of Franklin, Ind., appeared on the veranda of the hotel, leading Mrs. Parrie Jolly, of Indianapolis, to the parlors. In the presence of fifteen or twenty guests the Rev. T. A. Reynolds, of Muncie, performed the ceremony. The Rev. L. L. Carpenter, the "Father of Bethany Assembly," was the first to congratulate the happy pair, and extended to them a fatherly blessing.

Mr. and Mrs. Hayes will remain at the park until the close of the encampment, as Mr. Hayes has charge of the hotel. Their home will be in Franklin. Mrs. Jolly directs the address of Mrs. Parrie Jolly as 611 North Illinois street.

NEWS MAKES QUICK TIME.

Ell F. Ritter Surprised at the Promptness of Delivery.

Ell F. Ritter has returned from a month in the mountains of Colorado. He and a party took a vacation in Indian Creek Park, where Mr. Ritter's son has a cottage.

Mr. Ritter marvels at the short time it took The Indianapolis News to reach the camp. The sixth edition of one day reached the camp, forty miles west of Denver, at 6 o'clock p. m. on the second day after leaving. To do this the paper traveled to Denver, thence by stage into the mountains by a narrow gauge road, then thirteenth miles by stage six miles by horseback and three miles by private carrier to the camp.

TO STOP BOXING BOOTS AT EMPIRE

Governor Durbin Says that No
More Fistic Exhibitions Will
be Allowed.

SEVERAL CITIES OBJECTED
Demanded that They be Allowed to
Have Fights or the Sport
Stopped in This City.

Governor Durbin is determined to put a stop to "boxing contests," otherwise known as prize-fights, at the Empire Theater. Notice to this effect was served on the theater owners and "boxing contest" promoters last evening, and the promise was made that exhibitions such as have been given in the theater from time to time will be stopped. The notification from the Governor was made through the Attorney-General, and last night's "boxing contest" was witnessed by C. C. Hadley, deputy Attorney-General, in his official capacity.

It is understood that the Governor was moved to take action by the representations of athletic associations in several cities of the State that are governed under the Metropolitan police law. From time to time these associations have asked the Governor to permit them to give "sparring exhibitions." This he has refused to do. Recently many communications have been received at his office pointing out that such contests as he was denying smaller cities were being held at the Empire Theater in this city.

OBJECTION OUTLAWED.

Several men interested in the athletic associations over the State have called in person and urged that he ought either to let the "boxing contests" in the smaller places proceed or enforce the State law against the Empire Theater. It was urged on the Governor that the local authorities in Indianapolis would not take action, and that he ought to do something.

So it was that yesterday afternoon he issued directions to the Attorney-General to take steps to have the articles of incorporation of the Empire Theater revoked unless the "sparring exhibitions" were stopped. The papers were prepared for submission to court, but after a conference with the representatives of the theater company and the promoters of the "boxing contest," and the promise that no more such exhibitions should be held, it was decided not to begin the court proceedings.

NONE OF GOVERNOR'S BUSINESS, MAYOR SAYS

With Supt. Taffe, He Declares Law
Has Not Been Violated.

Mayor Bookwalter and most of the higher city officials, with the exception of Comptroller Breunig, have attended nearly all of the recent series of fistic engagements at the Empire. The complaint heard in the city hall is that it is a law that there are enough complimentary tickets to go around.

"I do not see where it is any of Governor Durbin's business," said Mayor Bookwalter, when told of the new order. "My instructions to the superintendent of police have been to attend everyone of the boxing exhibitions at the Empire and to stop them the minute there is any violation of the law preventing boxing contests. If there had been a violation of the law, I am confident that the superintendent would have carried out my instructions, but my hand, although he said he is not familiar with the law on that phase of the subject."

POLICEMEN KILLED BY THUGS

Tragedy on the West Side at Chicago.

CHICAGO, August 12.—Officers Timothy Devine and Charles T. Pennell, patrolmen of the Chicago police department, were killed early to-day in a revolver battle with what is supposed to have been a gang of thugs. The shooting occurred on the West Side, and the men were walking from the ring the same as though they had not been in the fight.

Superintendent Taffe does not believe Governor Durbin's order is a violation of the law, although he said he is not familiar with the law on that phase of the subject.

STAGGERED TO THE BOX.

Officer Pennell, meanwhile, had heroically staggered a hundred feet to a patrol box and sent in an alarm for assistance. The police at once set a drag-net for all suspicious characters and soon had six men in custody. Before Pennell died he was able to give a few words about "Robbers," giving descriptions of two men.

WEALTHY FARMER SHOTS EMPLOYEES IS BADLY WOUNDED.

(Special to The Indianapolis News.)
MORRISTOWN, Ind., August 12.—Henry Gordon, a wealthy farmer at the edge of town, employs William Russell and William Powers, two men who were in a test a quarter of a mile from the home of Powers. Last night the latter cut the ropes of the tent, then slashed Gordon slightly and Russell dangerously. Russell and Gordon ran home, Powers following bare-headed and stopping at his home for a revolver.

At Gordon's house he heard the commotion, and he rushed to the scene, armed with a shotgun. He fired at Powers, and Powers fled. Gordon is a widower, formerly lived at Greensburg and had a wife and child.

SERVANT GAGGED; PUT IN DATHUB

A Bold Daylight Robbery at a Home in Valparaiso, Ind.

THIEF KNEW THE PREMISES

Took Valuable Papers and Jewelry, but Left Them, Taking Only the Cold Cash.

(Special to The Indianapolis News.) VALPARAISO, Ind., August 12.—One of the most daring robberies that ever took place in this city is now monopolizing the efforts of the local officers.

About 4:30, while she was in the sitting-room at work, cleaning up after a children's party, she was seized from behind, gagged and bound with a towel and rope, and carried to the bathroom. She was placed face down in the tub and the water turned on. The robber then went upstairs, entered the bedroom and ransacked the bureau drawer, taking about \$200 in negotiable paper and a quantity of jewelry.

Nobody Saw the Robber. He afterward went into a closet adjoining this room and took a pocketbook, which was in a handbag hanging in the closet behind an old dress. The pocketbook contained \$25. After getting the valuables he left the house by passing down stairs, through the cellarway and out at the rear of the house, nobody seeing him. It is believed that the robbery was the work of a person who is familiar with the premises. So far no clue has been obtained.

No Clue Has Been Found.

Mrs. Stoneberger had left the house about 2:30 for a drive around the city with a sister, who was visiting her from Chicago. Had not young Stoneberger found Miss Harte when he did, she would have been drowned, as the water was nearly six inches deep in the bath tub. The officers are greatly puzzled. It is believed that the work was aided by a person who is familiar with the premises. So far no clue has been obtained.

Left Papers and Jewelry.

Miss Harte's condition this morning was much improved, but she still feels the effects of the rough handling of the men. The papers and jewelry that were taken were found afterward on the rear step of the house.

LABOR UNIONS BALK.

Refuse to Enter Parade with Military Organizations.

(Special to The Indianapolis News.)

SOUTH BEND, Ind., August 12.—The Elks' carnival committee invited several northern Indiana military companies to take part in the opening parade of the fall festival on Labor day, when union labor was to have a turnout. Many of the military companies have been accepted, but Central Labor Union to-day served notice on the Elks that no parade will be held on union labor's part if military companies take part in the parade. The decision has caused consternation among the Elks.

REMOSE AND DEATH.

Husband Regretted Sorrow He Had Caused Wife.

(Special to The Indianapolis News.)

MUNCIE, Ind., August 12.—Remorseful over being intoxicated for two days and also over the sorrow it had caused his young wife, Moses McConnell, twenty-three, a well-known iron worker, last night took morphine and died this morning.

He had been married only a year. He said he feared that his young wife, of whom he was intensely fond, would leave him because of his spree.

Courts Trust Opposition.

(Special to The Indianapolis News.)

MISHAWAKA, Ind., August 12.—Considering that the Mishawaka Wool and Rubber Manufacturing Company has been fighting the trust and rejecting overtures made by that octopus, the United States Rubber Company, the amount of business recorded here for the month of July is remarkable. Finished product to the amount of \$1,875,000 was shipped last month. President Belden declared that trust opposition is developing into a powerful ally of the anti-trust product.

Poison Victim Will Live.

(Special to The Indianapolis News.)

TIPTON, Ind., August 12.—Contrary to expectations of her physicians, Mrs. Jesse Romack, of Sharpville, who attempted to kill herself by taking a dose of carbolic acid, and then cutting her throat, will live. Her act was committed in a moment of temporary insanity, caused by intense suffering.

WAS DOPED AND ROBBED.

Bedford Young Man Left Some Nice People at Louisville.

(Special to The Indianapolis News.)

JEFFERSONVILLE, Ind., August 12.—After being doped and robbed in Louisville, then brought to this side in a skiff, a young man named Parker, whose home is at Bedford, Ind., found himself in a weed patch on the levee at daylight yesterday, when he came to. He had lost all of his clothing, a shirt, a pair of trousers and his shoes. His coat, vest, hat, watch and \$12 in cash had disappeared, but even in this condition, Parker expressed satisfaction that he was alive.

He said he went to Louisville on a Sunday afternoon, and was with some friends (he supposed them to be), nice fellows. They invited him to go out and call on some female friends. He recalls that he took one glass of beer before starting, but nothing more until he woke up.

HEAVY DAMAGE DONE BY TERRIFIC STORMS

MAN INJURED NEAR LIBERTY—ANOTHER AT NASHVILLE.

(Special to The Indianapolis News.)

LIBERTY, Ind., August 12.—A terrific storm swept over the north part of this county, Sunday afternoon. Much valuable timber was destroyed, hundreds of outbuildings wrecked and three barns on the farms of Charles Coughlin, Ross Whit and Mrs. Lucy Balmert lost their roofs and were badly damaged.

The hall and wind cut and beat the corn and many fields were leveled. The loss to the farmers will run up into thousands of dollars. John Taylor, living in an old brick farmhouse, being afraid that the wind would blow the building down, sought shelter under a tree in his dooryard. The tree was struck by lightning and Taylor received injuries which may prove fatal.

Damage in Brown County. (Special to The Indianapolis News.)

NASHVILLE, Ind., August 12.—A heavy storm visited this locality Sunday night. William Quick, while standing in the doorway of a livery barn, was struck by the heavy door, which was torn from its hinges by the wind, and hurled twenty feet. His skull was fractured and he is in a dangerous condition.

It was the third damaging storm in this county within three weeks, and the corn, fencing and timber have been heavily damaged. Many orchards have been ruined.

Barn Struck and Burned.

(Special to The Indianapolis News.)

GHEARVILLE, Ind., August 12.—The large barn owned by Thomas Johnson, who lives on his farm near Bogtown, Shelby county, was struck by lightning yesterday and destroyed, together with farming implements, wagons and bugles. Loss, about \$1,500, with insurance of \$25.

Corn and Trees Leveled.

(Special to The Indianapolis News.)

RICHMOND, Ind., August 12.—A severe storm south of here yesterday did damage at Robbin's Chapel and Witt's Station. Crops and trees were leveled.

WARRANTS BY DOZEN.

(Special to The Indianapolis News.)

JEFFERSONVILLE, Ind., August 12.—About twenty-five warrants have been sworn out as a result of a free-for-all fight at the Illinois-avenue Baptist church, Sunday night. During the melee the pastor, the Rev. Samuel H. Gibson, was struck over the head with a chair and Doctor Charles Greer, a resident black eye. At one point of the service nearly every member of the congregation was taking part in the rioting. One brother being armed with a large-sized gun.

The trouble dates back to last winter, when the windows and doors of the church building were nailed and barred to prevent entry of the rioters. A public observance of his birthday anniversary. This resulted in a number of lawsuits, and the expelling of about one-half of the congregation.

DROP IN PHONE PRICES.

(Special to The Indianapolis News.)

Granting of Franchise Had an Immediate Effect.

(Special to The Indianapolis News.)

MISHAWAKA, Ind., August 12.—Despite the strong opposition the efforts made cause conclusion to refuse to vote for the granting of a franchise to the Home Telephone Company, an independent corporation, the ordinance to the Home was passed last night. The Bell company at once announced a reduction in rates to reflect the change. By the year, business service is also to be cheaper, and it is declared, that this is the first time in the history of the city that will meet the prices fixed in the Home company's franchise.

GENERAL STATE NEWS.

(Special to The Indianapolis News.)

MUNCIE.—Harry March, a wealthy paper owner of this city, will build a \$2,000 hotel in the heart of the city.

LAWRENCEBURG.—The Lawrenceburg Fair opened to-day. The exhibits are first-class and the attendance large.

SULLIVAN.—Captain and Mrs. James Rice celebrated their golden wedding anniversary at their home, in Prairie Creek, Sunday.

NASHVILLE.—J. A. Robertson, an old and well-to-do farmer of Jackson township, was strangled out of \$40 by the lamp game.

LEBANON.—The barn of R. B. Roberts's farm, northeast of here, was burned yesterday with all contents. Loss, \$3,000; insurance, \$1,000.

FT. WAYNE.—Charles H. Sweeney, equestrian director of Wallace's circus, was seriously hurt here by a kick from one of the horses.

WABASH.—Mrs. George Landon, a niece of Henry Bent, a resident of Wabash, was burned to death in a Texas hotel fire Saturday night.

EIKHART.—The Rev. Henry A. Boeckelman, priest of St. Vincent's Catholic church, will celebrate his silver anniversary September 3.

MUNCIE.—Dr. E. B. Bryan, head of the Marion Normal school, has successfully undergone an operation for appendicitis. He is much improved.

HARTFORD CITY.—William Erwin, nineteen years old, was arrested here for stealing 500 pounds of rope from the oil well of Western Bros.

MUNCIE.—The Muncie Natural Gas Company has served notice that it will discontinue to furnish gas, except for illumination, on September 1.

RICHMOND.—The Abraham Lincoln Club, of the United Brothers of Friendship, will have charge of the emancipation day celebration here, August 28.

LAFAYETTE.—Robert R. Service, a graduate from the University of California, has been appointed general secretary of the Purdue Young Men's Christian Association.

FLORA.—Margaret Garrison, the two-year-old child of Henry Garrison, a farmer near here, may die, as the result of Mrs. Garrison's mistake in giving carbolic acid, thinking it was whiskey.

TERRI HAUTE.—Mayor Steeg has announced these appointments for September 1, when police will pass from George C. Smith, John Coffey and John Barabazette, the first two Democrats and the last a Republican.

TREE TRANSPLANTED FROM NAPOLEON'S GRAVE.

They will investigate Bluffton Inter-urban Proposal.

(Special to The Indianapolis News.)

BLUFFTON, Ind., August 12.—At a meeting of the Commercial Club, last evening, arrangements were made for a party of merchants and farmers to make a trip over the line of the Union Traction Company from Marion to Muncie.

Three interurban lines are seeking approval of the Commercial Club. All have as an objective point. The Muncie, Hartford City & Ft. Wayne, the Ohio & Indiana, proposed to be built from Portland to Ft. Wayne, and the Cincinnati, Dayton & Ft. Wayne, with two branches running through here to Ft. Wayne, are the roads which Bluffton has an opportunity to get.

There is considerable opposition on the part of business men and farmers, and a trip over the Union company's line will be to study the conditions. It is expected that forty will make the trip.

THE LAST WAR CHIEF OF THE MIAMI TRIBE

EFFORT IS BEING MADE TO SAVE HIS LITTLE FARM.

(Special to The Indianapolis News.)

PERU, Ind., August 12.—For several months Gabriel Godfrey, the last war chief of the Miami Indian tribe, has been on the anxious seat, trembling with fear lest he fall victim to the dreaded tax collector.

Chief Godfrey lives on a little farm, miles southeast of Peru, and as he has no title, taxes for ten years, owing to a suit pending to compel him to pay his assessments, the amount charged against him is nearly \$600. From one of the biggest land owners in Miami county he has

that stood on the grave, and by great care the little branch was kept alive until Fitch reached his home in this city. It was planted in its present location and thrived from the start. The tree stood on ground belonging to Dr. Asa Coleman, and later the lot was purchased by Seybold. The tree stands near the sidewalk, and when Seybold constructed an iron fence it was curved in order to protect the tree. A hollow was dug in the terrace so as not to disturb its growth. The tree is very thick. It is about thirty feet high and many of the cordlike branches are fifteen feet in length.

NOBLESVILLE'S PULSE IS BEATING RAPIDLY

(Special to The Indianapolis News.)

LOGANSPORT, Ind., August 12.—Located on the lawn of the George Seybold residence, in this city, stands a beautiful weeping willow, which, for more than fifty years, has swept the grassy carpet with its drooping tendrils.

In the early fifties, Leroy Fitch, then a Lieutenant in the United States navy, was aboard a vessel that made port at the island of St. Helena, and he visited the grave of the great Napoleon.

ROOSEVELT IN INDIANA; STOPS AT SEVEN CITIES

(Special to The Indianapolis News.)

Logansport, Ind., August 12.—The President's special train will leave Detroit the night of September 22. It will be scheduled to arrive at Logansport at 6 o'clock the following morning. In that city the train will be transferred from the Vandallia to the Lake Erie & Western road, and without delay will come on to Indianapolis, arriving at 8 a. m.

Leaving Indianapolis at 11:30 a. m. over the Big Four, the President will go to Muncie, arriving there at 12:45. Thirty minutes later he will leave over the Lake Erie & Western for Kokomo, where he will be off to Logansport, where there will be another stop of thirty minutes, lasting from 4:15 to 4:45.

THE CARNIVAL EXHIBITS.

(Special to The Indianapolis News.)

The carnival proper, including more than twenty paid and free attractions, opened this morning. At 10 o'clock the fire department made a run of ten blocks against time. An industrial parade will occur at 3 o'clock to-morrow and the floral parade Saturday afternoon. One feature of the fair is the display of fancy work in the art house at the corner of the National Association of Spanish-American War Veterans, which is to hold its annual encampment here during the week of September 22. The plans for its reception and entertainment while here will be in charge of the Spanish-American War Veterans.

Two National Organizations.

(Special to The Indianapolis News.)

At present there are two national organizations of Spanish-American war veterans. One of these associations will meet in Detroit at the same time the encampment is being held in Indianapolis, and it is for the purpose of visiting that city, meeting that the President goes to Detroit.

Several weeks ago the officers of the two organizations agreed on a plan for a joint encampment at the Indiana fair. It will be approved at the conventions. The President exerted his influence in favor of a union of the rival organizations.

Two Federal Appointments.

(Special to The Indianapolis News.)

Senator Fairbanks has recommended that Rolf Clark be appointed postmaster at French Lick to succeed H. E. Wells, who died recently.

T. W. Kennedy has been recommended for appointment as the Democratic member of the Pension Examining Board at Sullivan.

Senator Fairbanks's Appointments.

(Special to The Indianapolis News.)

It is not understood here that the appointment of Senator Fairbanks as a member of the committee to represent the Senate at the funeral of Senator McMillan, of Michigan, will make it necessary for him to cancel his engagements to speak in this State this week. He is to deliver a paper at the Indiana State day and at Bethany Park Saturday.

HE LOVED HIS NURSE.

(Special to The Indianapolis News.)

Old Soldier at Marion Home Made Her His Wife.

(Special to The Indianapolis News.)

MARION, Ind., August 12.—A marriage, back of which there is a tinge of romance, has been solemnized in this city. The bridegroom is Samuel T. Dods, sixty-nine years old, and a member of the Soldiers' Home, and the bride is Miss Clara Linville, a nurse at the same place. Dods, who has just recovered from a severe attack of illness, was cared for by Miss Linville, and so well did she perform her duty that the heart of the aged veteran was touched. He fell in love with her.

When Dods was able to leave the hospital he procured a marriage license, and the wedding occurred. Mrs. Dods is several years younger than her husband.

Two Men Accused of Horse Stealing at Michigan City.

(Special to The Indianapolis News.)

MICHIGAN CITY, Ind., August 12.—Robert C. Hoffman, of Cleveland, O., and C. G. McDonough, of Washington, Pa., claiming to be canvassers for an atlas of the world and stereoscopic views, were arrested here last night for horse stealing. They hired two rigs, yesterday afternoon, in Laporte, one from Iveyman Sommer and another from Iveyman Moore. They tried to sell the horses to A. E. Park, Iveyman, of this city, who entered into a bargain with them and called the police. They have been held over the country.

Huffman and McDonough were bound over in \$500 bonds. Huffman is a student of a university at Cleveland, and his home is in Newark, Ohio. McDonough attended Normal School at Alma, Ohio. Both claim to have wealthy parents.

CANVASSERS IN JAIL.

(Special to The Indianapolis News.)

MARION, Ind., August 12.—At a meeting of the Commercial Club, last evening, arrangements were made for a party of merchants and farmers to make a trip over the line of the Union Traction Company from Marion to Muncie.

LANDIS GETS A PROMISE.

(Special to The Indianapolis News.)

President Will Stop at Tipton and Noblesville.

(Special to The Indianapolis News.)

DELPHI, Ind., August 12.—Several days ago Representative Landis wired the President that the citizens of Howard, Tipton and Hamilton counties would be greatly disappointed if he did not stop at their county seats on his coming trip. Mr. Landis received a reply to-day which, he says, justifies the belief that stops will be made at Tipton and Noblesville, in addition to Kokomo.

TO AVERT TRADE WAR.

(Special to The Indianapolis News.)

Window Glass Manufacturers Leave for Eastern Conference.

(Special to The Indianapolis News.)

MUNCIE, Ind., August 12.—The window glass manufacturers, who leave to-day for Atlantic City to attempt an adjustment of the differences between the companies for equal profits and a long time ago so that they may be maintained, next year, will first try to restore harmony among the manufacturers," said Secretary Leopold Mammour, of the Federation company.

TRIP FOR MERCHANTS.

They will investigate Bluffton Inter-urban Proposal.

(Special to The Indianapolis News.)

BLUFFTON, Ind., August 12.—At a meeting of the Commercial Club, last evening, arrangements were made for a party of merchants and farmers to make a trip over the line of the Union Traction Company from Marion to Muncie.

AVOID SHAVING.

Discard the Shaving Mug

BY USING ANTISEPTIC COKE CREAM FOAM FOR EASY SHAVING

Conrey E. Henney, President National League Barbers, voices the sentiment of thousands of barbers when he states there is nothing in the world to equal it. Read what he says:

CONREY E. HENNEY.

A. R. Bremer & Co., Chicago, Ill.

Dear Sir:—In all my 30 years in the barber business I have used nothing but the place of shaving soap until I used Coke Cream Foam. It is not only an excellent antiseptic but it is a great saver of time as it requires no rubbing in. It leaves the face soft and velvety and pleases my customers. I shall use nothing else in my shop.

CONREY E. HENNEY,
President National League of Barbers,
No. 804 Cherry St.

It is a new shaving cream which takes the place of shaving soap. It is pure as purity, clean, smooth, delightful. There is nothing in it that will not actually help the skin to be soft and smooth.

To use: Squeeze out as much as the size of a small bean directly on the chin, then work it up with the brush, using very little water at first; it lathers almost instantly and gets thicker and heavier as you proceed.

Do not rub in. It is better to allow the lather to remain on the face a few minutes before using the razor. It will not dry. CREAM FOAM is also an excellent article for a shampoo. It will cleanse the scalp without injuring the hair. Very little is required to make a big foam.

Cream Foam is put up in collapsible tubes, containing enough for 100 shaves at 25 cents.

Try Coke Cream Foam and you will never use soap for shaving again. If your druggist or barber does not keep it, we will forward it to any part of the world upon receipt of the price in currency or postage stamps. To avoid counterfeits insist upon your barber using only Cream Foam on your face.

NEELY'S POWER

COLLECT \$250,000

STEPS TAKEN TO RECOVER CLAIM GRANTED BY WIDOW

NEELY FULL OF SCHEMES

Indianapolis Man, Who Befriended Him, Complains of Getting the Cold Shoulder in Return.

(Special to The Indianapolis News.)

HAVANA, August 12.—Before C. F. W. Neely's arrest in the United States, he got into the good graces of a young widow, Mrs. Helen Monte. The woman had \$20,000 in Havana bonds, and she had agreed to loan them to Neely for business purposes, but her attorney, who was suspicious of the American, refused to turn the securities over to her. Neely, however, did succeed in getting her to give him a power-of-attorney to collect a \$250,000 claim she had against the Spanish government. There are no conditions in this power-of-attorney calling for an accounting.

Parties who are cognizant of these facts have heard "The Farmer," as Neely is frequently called, boast over his success in the case. The claim was substantially paid. Mrs. Monte, who is the niece of General Castella, a former governor-general of the island, has recently married a young man from the United States and he is taking steps to get the claim away from Neely.

Neely is now living quietly in Vedado, one of Havana's suburbs, with a Mr. and Mrs. H. W. Robinson, as a member of the family.

Neely is taking a great deal of outdoor exercise, with a view of ridding himself of the condition incident to his long confinement in prison.

Calls Him a Deadbeat.

The local press is almost daily paying its respects to Neely, and he is losing caste with those who were formerly his friends and admirers. The Havana Post calls him a dead beat.

Indianapolis Friend of Neely.

J. B. Newman, manager of the Havana Brick Company, is from Indianapolis. He came to Havana about the same time that Neely did, and after the latter's arrest he befriended him.

Newman advanced several thousand dollars, it is said, of his own money to meet the prisoner's immediate demands. After his liberation, the officials here turned over to him certain money, and out of this Newman asked to be remembered on his behalf. He was then but a young man, as he expresses it, "a cold shoulder."

Neely is not seen Neely for over two weeks," he added. "He declined to settle with me."

Neely Visionary.

Newman says Neely is more visionary than Col. Mulberry Sellers ever was, and that "The Farmer," while in the Carcel, had a vision of the future of the United States. He was planning schemes and enterprises that would yield enormous dividends. The sums of money obtained by Neely while in the postoffice and squandered in one way and another, Newman says, were very large, and anything near the amount will never be known. He says Neely paid his New York lawyers \$50,000 for fighting his extradition and that his other incidental expenses while in Cuba were \$10,000.

Neely's friends in Cuba received \$10,000 from his attorneys in Cuba for his release.

Newman says that Neely expects to obtain the \$250,000 put up with the United States government as bond money and the \$10,000 from his friends in Cuba, and in addition to this, Neely asserts that he has \$10,000 in his own bank.

Neely has on his person and under his clothes, Newman says, a large quantity of diamonds, several thousand dollars, and a fine imported wardrobe. Neely, Newman says, was very fond of money.

ONE STRIKE SETTLED.

West Pennsylvania Miners Will Soon Return to Work.

WILKESBARRE, Pa., August 12.—President John Mitchell stated today that he had received official information from Pittsburgh that the strike of coal miners along the West Penn railroad was about settled, and that the men would be back to work in a short time. He said it was gratifying to him to know that all small strikes were being settled. This would enable the miners' union to concentrate all its strength in the anthracite region and the West Virginia strike region. Mr. Mitchell said he was confident that the hard-coal miners were going to win.

HAGGERTY OUT OF JAIL.

Judge Jackson Releases Miners Who Violated Injunctions.

PARKERSBURG, W. Va., August 12.—Judge Jackson today released Thomas Haggerty and six other members of the United Mine Workers who were serving sixty days and ninety days in jail for contempt of court. The prisoners filed a petition for release, alleging that they had not known they were violating the injunction when they did so and promising to be good.

Neely Carried Drafts for \$1,375,000.

Newman says that the time Neely sent so much to New York, he came in and told him he was going north with funds to the amount of \$1,375,000, and that he had chosen to go to Paris, France, and cash the money, he would have been in jail for several days.

Neely's name and he carried around in his pocket for ten days two individual drafts, one for \$1,000,000 and the other for \$375,000.

Gobin Takes a Trip.

SHENANDOAH, Pa., August 12.—Brig. Gen. Gobin left for his home in Lebanon today to attend to some personal matters. He will return here to-night. This indicates that the general and his staff do not apprehend any trouble at present in this vicinity.

Money for the Strikers.

(Special to The Indianapolis News.)

WASHINGTON, Ind., August 12.—The Retail Clerks' Association of Washington raised a considerable sum of money, and has sent it to the striking miners in the anthracite regions of Pennsylvania.

Up One Dollar at New York.

NEW YORK, August 12.—The price of domestic steel of anthracite coal was today advanced to \$9 a ton, an increase of \$1 above the price of yesterday. The steel affected are stove, egg, but and broken coal.

Wilson in West Virginia.

Secretary W. B. Wilson, of the United Mine Workers of America, has gone to the West Virginia mining district. It is not known at headquarters whether any special conditions have arisen to require his attention, but it is thought that he is merely making a periodical inspection of the field. Mr. Wilson has charge of the strike in that district, while President Mitchell gives his entire attention to the anthracite strike. Mr. Wilson may not return for several days.

Telegrams were received at headquarters today announcing the release of the national organizers from jail at Parkersburg, W. Va.

SOCIETY

TENSE EXCITEMENT IN LACKING AT NORWOOD

RESIDENTS LESS INTERESTED THAN OUTSIDERS.

ANTIS WON IN PRELIMINARY

Took the Incorporation Politicians Off Their Feet in Naming the Election Board—Incidents.

The residents of the little settlement southeast of this city, known as Norwood, did not take the attempt to incorporate the town, to-day, half as much to heart as the outside world had been led to believe they would. In fact, there were thirty-two men and two policemen present when the polls opened this morning for the election.

The whole thing was treated in the light of a comedy, except by a few, and those few did not live within the limits of Norwood. Edwin D. Logsdon, member of the Board of Public Works, and chairman of the city Republican committee, was the chief actor on the side of those favoring incorporation, and Lee Ayres, brother of former Judge A. C. Ayres, who owns a farm some distance beyond Norwood, appeared to be spokesman for those opposing the movement.

At the School House.

The election was held at the district school house, in the extreme southwest corner of the settlement, with corn fields around it. About a dozen two aged white men made their way slowly along the dusty lane toward the school house, and were there joined by "Sam" Spaulding, whose home is nearby. Spaulding is an old railroad man. He has been so active in the attempt to have the town incorporated that he has exhausted his budding ambition to be "mayor" of the new town. Some few colored men straggled down the road. By ones and twos they came.

About every other subject except that which had brought them together was discussed. Now and then Spaulding would hold a whispered conference with someone on his side of the question. By 9 o'clock the school house was filled with a crowd of about a hundred men.

Need of a Notary.

James Davis, another Indianapolis colored man, who had been conferring with Spaulding, shook hands with Brewer and Ayres, and drove back toward the town. They had discovered that there was no notary public present, and that the election board would be unsatisfactory for the purpose.

Of course the law would let us have all three of them," Spaulding explained. "I am sorry, but I will give the other fellows one of them."

Washington and Pipes were favorable to the incorporation and Clarks opposed. Later developments showed their general opinion to have been entirely wasted.

Another buggy approached, and this time Ed Logsdon was the occupant. He greeted with enthusiasm by Spaulding and the others.

There isn't a notary here," was Davis's greeting.

Logsdon looked over the little crowd and discovered a newspaper reporter who had once held a sufficiently important position to require him to be a notary public, and Logsdon knew the commission had not expired. The emergency was averted.

THE SALESMAN

Compelled to be on Her Feet the Larger Part of the Day, Finds a Tonic in Peruna.

Miss Curtin, of St. Paul, Gives Her Experience.

MISS NELLIE CURTIN, 646 Pearl street, St. Paul, Minn., head saleswoman in a department store, writes:

"I have charge of a department in a dry goods store, and after standing on my feet all day, I would go home with a dull ache, generally through my entire body. I used Peruna and feel so much better that I walk to and from the store now. I know Peruna to be the best medicine on the market for the diseases peculiar to women."

Nothing is so weakening to the human system as the constant loss of mucus. Catarrhal inflammation of the mucous membrane produces the excessive formation of mucus. Whether the mucous membrane be located in the head or pelvis or even in the lungs, it is a critical condition.

An Admirable Tonic.

Congressman Mark H. Dunnell, National Hotel, Washington, D. C., writes: "Your Peruna being used by myself and many of my friends and acquaintances not only as a cure for catarrh, but also as an admirable tonic for physical recuperation. I gladly recommend it to all persons requiring such remedies."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

An Admirable Tonic.

Congressman Mark H. Dunnell, National Hotel, Washington, D. C., writes: "Your Peruna being used by myself and many of my friends and acquaintances not only as a cure for catarrh, but also as an admirable tonic for physical recuperation. I gladly recommend it to all persons requiring such remedies."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Nothing is so weakening to the human system as the constant loss of mucus. Catarrhal inflammation of the mucous membrane produces the excessive formation of mucus. Whether the mucous membrane be located in the head or pelvis or even in the lungs, it is a critical condition.

NEWS, and ask for the department you want.

TO OPEN ANTHRACITE MINES.

It is reported from New York that the suggestion has been made to President Roosevelt that the Government has a right in the exercise of eminent domain to seize a certain number of anthracite mines and operate them for the purpose of taking out all the hard coal required by the Government. This, of course, would break the strike. We suppose there is no doubt that in case of war necessity, for example, the Government could make and operate coal mines for its benefit. Whether it could do so for an ordinary supply of coal is another question. Whether it ought to do so becomes a very grave part of the suggestion.

We are easily liable to lose sight of the blinding force of an action. It would be all very well for the Government to point of view to have these insolent monopolists that are causing them and the country at large needless suffering by their greed and obstinacy confronted by the superior power of the Government in an action that would end the strike. But in this sort of extraordinary undertaking were consummated, might not a similar undertaking be urged on other occasions and so set our feet virtually in the way of tyranny? How far would it be from sending a coal mine and operating it to compelling miners to work whether they would or not? We may not hastily take extraordinary steps. The best condition is where freedom broadens slowly down from freedom to precedent.

The course of freedom must be slow and sure. It is tyranny that is erratic and sudden. The suggestion hardly commends itself to sober thought. But it contains, as it seems to us, the germ of a suggestion that might safely result in action; an action that we believe in time will be taken. And that is the assertion of law to compel, as in this instance, these monopolistic mine owners to arbitrate their labor differences. A half-dozen men control the whole anthracite supply for 75,000,000 people and the whole means of transporting that supply from the coal fields. They exercise this monopoly in outrageous treatment of the public and in cruel treatment of the miners, as witness this strike. They are doing this in violation of the laws of Pennsylvania, which forbid transportation companies to engage in coal mining. But whether this was or not, the monopoly of a necessity, we believe, will result in the passage of laws in due form to solve the situation. Everybody's right is superior to anybody's right. But as a shoddy community, we must see to it that we broaden our freedom slowly.

LET US HAVE SWIMMING POOLS.

The finest of the many public baths with which Philadelphia is blessed, says the Record of that city, was opened last week. The honor of having the first dip in its pool was reserved for women and girls, and about 150 availed themselves of it. The most being girls from ten to thirteen. The pool is built of brick. The pool in it is about six feet long and about thirty feet wide. At one end, for swimmers, it has a depth of six feet, but throughout most of it the depth runs only from three feet to four. It is open from 6 a. m. to 9 p. m., except on Sundays, when it is open only from 6 to 9 in the morning. The days set apart for women are Monday and Thursday.

A matron who can swim is in charge on women's days. At night the pool is lighted by electric lights. We have frequently recorded news like this of cities, but never of the city of which above all we should like to record it. Almost every other city is adding to their attractions in this way.

"How long, oh, Lord," how long will Indianapolis be in having no place where the people may have a bath or a plunge in the water? We have miles of good, fresh water flowing through the city, where half a dozen simple wooden structures could, though not so elegant as the one of Philadelphia, or as other cities have, would serve the purpose until better ones should be provided. In the calculations that are making for public improvements, why should there be no provision for at least three swimming pools in the canal?

STUPID BITTERNESS.

We recall no utterance in connection with the friar problem that is meaner or fairer than that of the silly Boston correspondent of the Springfield Republican. He says that "after all the sweetness at Rome between the pope and the venerable Pope and the sufficient Negt, the outcome of the friar negotiation is thus far," except as it has stirred up "an active controversy between the Irish Catholics (the minority) and the adherents of the monastic orders." He declares that blunder after blunder has been committed, that we are proposing to violate the treaty with Spain by which we guaranteed "to these very friars immunity in their alleged property rights," and that the true reason for insisting on the purchase of the lands of the friars "is to open them to American exploitation," "that is, to allow the people of the hostility of the people to the friars is an additional but secondary reason."

It will be necessary, I fear, for Senator Lodge and Parson Abbott and the Hon. John Barrett and Albert Jeremiah, of Indiana, to send all their energy to work in the bindings before his sharp, smiling eyes are blinded to the actual situation, of which he holds the key, carefully placed in his hands by the treaty of Paris. Meanwhile, the cardinals will protect the negotiations as long as their predecessors did those of the late Henry VIII for divorce—being sure that the cause of the Vatican will lose nothing by delay, so long as it has the prestige of meeting the American Republic on the mutual ground of temporal sovereignty. That is where the fact places them, and it is probable that the cardinals will be so slow to withdraw the foot they have jauntily put forward with a boast of easy victory.

One can hear the foolish chime of this man at the supposed discomfiture of his country in one of the most important negotiations to which it ever was a party. But, as a matter of fact, there has been no discomfiture. Nor has there been, or will there be, any violation of the treaty with Spain. To buy the lands of the friars at their full value and with the assent of the Pope would not be to violate the treaty, and if we may believe men who are certainly as truthful as the Republican's correspondent, the Pope has not objected to authorizing and directing the sale of the lands. What will be the outcome of the negotiations we do not pretend to say. But we do know that they have been conducted in the best spirit, and also in an able manner, and with an eye single to the welfare of the Filipinos. The sneer about the exploitation of the friars' lands is equally contemptible. It has been known from the beginning that the friar problem was in many respects the most serious one in connection with the Philippine question. Two years ago Mr. John

P. Irish, who is neither a jingo nor an imperialist, said that nothing would do so much to establish peace in the Philippines as the solution of that problem in a way satisfactory to the Filipinos. It is, of course, impossible for the Government to choose priests for the Philippines or any other people. But it is also impossible for it to force priests on the Philippines. The whole purpose of the administration (and we insist that the people should sustain it in that purpose) is to purchase the friars' lands at a fair price, and to get an agreement from the Pope to send to the islands priests that the people will consent to receive.

The formation of the lead trust will be pretty heavy on the consumer.

People are moving into flats to get rid of the trouble and inconvenience of using coal. Property owners will be asking the city officials one of these times why they did not pass a meter ordinance.

In getting up a name as a place for romance, Bethany Park is making a grand bid for popularity.

President Roosevelt is to be congratulated on his appointment of Oliver Wendell Holmes, chief justice of the Supreme Court of Massachusetts, to succeed Horace Gray, an associate justice of the Supreme Court of the United States. Judge Holmes is an able lawyer, and his judicial experience has been extensive. The new judge is deeply read in the philosophy and history of the law, and has written learnedly on law in its broader and deeper aspects. His record, both as a lawyer and judge, is excellent. He is the son of the late Oliver Wendell Holmes, the poet, essayist and story writer, which fact, with those who care for good things in literature, will weigh in the son's favor. It will be remembered that when the son took his seat on the Supreme bench of Massachusetts, the father wrote one of his most characteristic poems in honor of the event, in which he expressed his deference to "the filial reminiscence." What a poem he would write now if he were only in the flesh!

Maybe this cool summer is sent just as a warning to Indianapolis citizens to fill their coal bins in time.

We seem to have been pretty hard up for sensational stories this summer, so the tale of frost-bitten roasting-ears comes as a much-needed relief.

Major Barbour, the man that cleaned up Santiago, is reported to be "a delightful person to meet under any circumstances." He has just been interviewed as to how he cleaned up the yellow fever at Santiago, and he says: "I would go to the house and say: 'I want this cleaned in one hour. Start now.' The mediocrity of the doctor would give it to them, right in the face. I carried a whip with a hard handle, and I would drive right at them. Knock them down. It was the only way to accomplish anything."

It is a delightful person to meet under any circumstances! But if you should happen to visit Indianapolis, major, please leave the whip behind.

There is plenty of trouble in the countries to the south of us just now, notably in Haiti, Colombia and Venezuela. It is comforting to reflect that in Cuba and Porto Rico at least peace prevails.

It is becoming pretty evident that we shall have Cuban reciprocity or something worse.

The next move of Jan Kubelik will probably be to play an engagement in the country at about \$2 a throw just to show that he is not hypnotized by his manager.

It's a funny thing that if any of the Democratic candidates for office get an offer of another job, they are in a hurry to take it.

Of course the present estimates of the parties on the results of the coming congressional elections are subject to revision.

That accident to a fire truck last night, which fortunately was without fatal results, brings to mind the urgent need in a city of this size of doing away with grade crossings.

The Omaha Daily News moralizes that we hear a great deal about the Carnegies and the Rockefellers and their gifts, but very little about the Slimmers and the "Yaudes." It asks who is Slimmer and "Yaude"? It answers: Abraham Slimmer is a wealthy Hebrew of Waverly, Iowa. He has given away hundreds of thousands of dollars to benevolent institutions, and in the next few years intends to give away \$10,000,000, with no discrimination as to race or religion. To further his charitable schemes he says he is perfectly willing to live in one room with the poorest of the poor.

Simon "Yaude" is a bachelor of seventy years, a lawyer of Indianapolis and a Presbyterian. He has given hundreds of thousands of dollars to struggling colleges and other hundreds of thousands to charity, and says he will only give two years longer and then give his gifts to the church. He is the mother of all the bene in his line.

P. H. Lannon, of Salt Lake City, says he is willing to give away \$10,000,000, with no discrimination as to race or religion. To further his charitable schemes he says he is perfectly willing to live in one room with the poorest of the poor.

The old stone chimney which stands on the corner at the intersection of the Canal and the Rockefellers' property is to be removed. It was built by the French in 1750, and was the first structure erected in the Niagara district.

While their pupils are holiday making from May 1 to September 1 many of the students of the University of the Pacific take summer sessions in the hotels as waiters or porters.

The general of the Amur territory is about to organize an expedition to Kien for the purpose of investigating the alleged Russian gold mines in the region.

Governor Crane, of Massachusetts, displays a keen interest in the progress of the world's most interesting in his addresses, he considers the necessity for their delivery one of the most trying features of public life.

A year ago, in laying time, William Salomon, of New York, was reported to be containing \$750,000. A few days ago he sold a load of hay to Mr. Parker, of that town, who found the money in the middle of the road.

Money Now a Leading Subject of Inquiry

The Financial Chronicle Fears Acute Weakness Unless a Halt Be Soon Called

"The money market during the remaining months of this year has become a leading subject of inquiry," says the Commercial and Financial Chronicle. "Within certain limits the outlook seems to be clear. There is no general panic in prospect, an eruption of that kind does not develop out of conditions as they now exist. Rumors, however, about railroad deals are so numerous and radical, and prices are rising so fast with such reports as the basis that unless a halt is called pretty soon weakness, that does not now exist, may be developed and work harm."

"This is the more to be deplored because they are reasons why money should rule closer by and by and discrimination in collateral and perhaps the requirement of higher rates for loans be growing features. These conditions usually, and may in this case, lead to liquidation among those dealing in stocks about a questionable circumstance. The higher prices of securities are at present strongly held and in small supply on the market. If a panic should develop, it would be in a much more moderate way—except where high values may induce investors to sell—than others who have been and earning capacity are not yet assured."

Money Market Threatened.

"Some such outcome along these lines is a reasonable conclusion from the conditions as they have already developed. In the market there is a feeling of uneasiness at the start the conspicuous fact that growth continuing even in money, that both growth and surplus reserves of our associated banks are considerably less than they were a year ago."

"Another movement threatening the money market is the strong tendency gold to leave the country. This has been so prolonged and persistent that it would appear to prove the existence of a very considerable floating balance that we owe Europe. To be sure, the recent gold outflow has been small, and for the time being, the market is not disturbed. In Paris exchange on London, but if the condition of our international accounts is as bad as it seems, the gold exports is but a temporary affair, which is liable at any moment to be renewed or, in the case of a return of the Paris conditions, a rise in exchange rates here on London and breadstuffs begin to move and furnish a sufficient amount of exchange to satisfy the demand."

Outflow of Currency.

"Added to the foregoing is the outflow of currency from New York to move the crop. Of course, that is an unknown quantity, but it is a fact that the volume of movement can be conjectured and approximated. The crops, we must assume, are better than last year's, and in the aggregate this year than last year; hence, other factors being equal, it is logical to conclude that as much currency will be needed as was needed last year, and probably more."

"Besides the foregoing, no one will overlook the agency which has for long years acted as a check on the free movements of currency. We refer, of course, to the subtreasury operations."

HAY FEVER
and Asthma
Smoking and sprays, or trips to exempt localities during Hay Fever season can never permanently cure, because they leave the cause untouched. We cure completely and finally because we build up the general health until the former sufferer can stay at home and work, sleep and stand exposure without the symptoms of Hay Fever and Asthma appearing. We simply state facts when we say that we can and do "CURE" Asthma and Hay Fever so that the attacks never return. For 20 years we have been treating Hay Fever and Asthma exclusively, having already treated over fifty-one thousand sufferers. We do not care whether you have any "faith" in us or not. Give us a direction and you will not have any more Asthma or Hay Fever. Our treatment is thoroughly explained in our New BOOK No. 3, FREE. Write for it.
P. HAROLD HAYES, Buffalo, N. Y.

The Cause and Prevention of Headaches
Views of an Indianapolis General Practitioner and Also Those of an Oculist.
"Headache as a general term," said Dr. W. T. S. Dadds, "does not carry with it much meaning to the general practitioner as to the cause or relation of the disturbance."
"A headache may be caused by any reflex nervous operation. It is frequently caused by the absorption of poisons and poisons from the stomach and bowels."
"Headache may also be caused from a slight congestion of the membranes which cover the brain—the result of overwork, strain or heat. A very common cause of headache is that from the nasal pharynx, the result of chronic catarrh. In the nasal pharynx the mucous membrane lining connects almost directly with the lining of the brain. This is a direct cause of headache."
"The stomach is credited with producing more headaches than are truly due to it. Constipation is a very common cause of headache, because the material which is in the bowels is absorbed and carried to the blood current, producing poisonous effects. These disturb the nervous system, thus causing headache."
"If there is now an increase in headache, it is due to the form of food which is the prevailing food, the so-called pre-digested and ready-cooked cereals. The sugar and starch which many of these prepared foods are served are really the best things about them."
"Some persons make the mistake at this season of eating cantaloupes on an empty stomach, say in the morning, preceding breakfast. The effect of doing this is often bad. The melon should be preceded by a meal or a part of a meal."
"Oculists," said Dr. D. A. Thompson, "are of opinion that headaches are increasing. We are reading more books and newspapers. They are printed in smaller types than formerly. Many cheap books are printed from old plates that have been used over and over again. The result is a jumble of badly blurred letters."
"We are reading more on street cars and on rapidly moving railroad trains. We shall soon be reading on the lightning-like automobiles."
"Persons should never read on a vehicle in motion nor when lying down. It is not advisable to read before breakfast. The body is then at its lowest ebb. To read then is to use up tissue when one should be supplying tissue."
"Neither is it advisable to read immediately after a hearty meal. At that time the stomach, not the head, needs the blood."
"There is much in plain living. Simon J. Dadds has been a bookworm. A diligent reader through his long life he still has good eyes for reading. He has always been a simple, plain living."
"Headaches that come from visual defects are amenable to treatment by glasses. These glasses should be spectacles, not nose-pinches."
"Many headaches come from functional disorders of the stomach. Many arise from a disordered stomach."
"The person who does not walk enough to conduce to good digestion. People, too, who live in asphalt streets should go frequently to the parks, where they may enjoy the green reflexes."
"Medicinal, smoked glasses in a city of asphalt streets and white shining sidewalks, like this may save some headaches. The person who wears glasses should be fat, not curved. They should only be used when necessary."

AMUSEMENTS.
Park Theater—Railroad Jack.
The Park Theater's opening day yesterday was duplicated yesterday, when two of the largest audiences ever in the house assembled to see "Railroad Jack." This play has a sensation at every turn, yet there is so much comedy in it that the audience has ample opportunity to laugh as well as to get excited. It has a distinctly Indiana atmosphere, the scenes being laid in and around Rushville, and having to do with the attempted wrecking of a circus train and a subsequent effort to kill the heroine by throwing her in a lion's cage. For the last named scene the company carries a big lion named "Duke," a restless, ugly looking brute.
"Duke's" prominence in the climax of the plot attracts much attention to him. He is the central figure of the third scene in the last act and divides honors with the tramp hero, who rescues the heroine through former association with "Duke" as his trainer. This rescue aroused yesterday's audiences to a high pitch of enthusiasm.
There are specialties in three of the acts, dancing, singing, crayon sketches and a sketch called "An Irish Stew," by Evans and Martland. The other vaudeville turns are by Clara Evans, Quenne Treary, Smith and Arado and Powell and Arado.
"Railroad Jack" certainly furnishes a diversity of entertainment and will find favor to-day and to-morrow. Many people were turned away yesterday afternoon and last night. The engagement closes to-morrow evening. "Nobody's Claim" follows Thursday.
Out-of-Door Amusements.
George Austin Moore, whose huge voice singing "Lamb, Lamb, Lamb" at the Grand last season shook the rafters, is still with him, so that one can go to any part of the ground and still hear every word of the songs. Mr. Moore sings popular ballads, his selections last night being "Honey, Play in Your Own Backyard," and "Dixie," in German dialect. Besides Moore, Edith Helena, a clever soprano, sings. Last night she gave "The Last Rose of Summer" and a selection from "Rigoletto." Ostendorf's band still furnishes the music for the concerts.
To-night a new series of concerts by the Indianapolis military band will be begun at Fairview Park. A number of additional musicians have been engaged and the band is larger and stronger now than ever before. There will be concerts with changes of program to-night, to-morrow night and Thursday night. J. Russell Powell, who was a success when he sang at Fairview Park before, has been engaged to sing each night of the concerts. In addition to this free music, there are many other attractions at it worth while for people to go to Fairview.
The spectacle of a man lying in a narrow coffin, six feet beneath the surface of the earth, is attracting dense crowds to Avondale Heights. Eight days ago, after placing himself in a hypnotic state, H. V. Stedberg, entered upon a sleep that will last 240 hours. He will awaken, he says, at 5 o'clock Thursday night, the hour set by himself when he closed his eyes.
At Broad Ripple Park, on Thursday, the old settlers will hold their annual meeting. There will be a number of contests for prizes and a lot of well known speakers will be present.
Sunday Services at the Workhouse.
To the Editor of The News:
S. J. Since it is probable that very few of your readers know of the Sunday services at the workhouse, the following may prove interesting: Nearly every Sunday morning for fourteen years Mrs. L. E. Scott, city missionary, has conducted a religious service in both departments of the Marion county workhouse. That in the corridor in the men's cellroom is held at 10 o'clock, lasting an hour, and is followed by a similar service in the women's department. The services are brief, pointed and interesting, consisting largely of music, which is greatly enjoyed, many of the inmates, especially among the women, being fine singers. There are prayers, a Scripture lesson is read and expounded by Mrs. Scott, brief remarks made by visitors, and the inmates frequently given by repentant sinners who have determined to lead better lives, and many of these converts are genuine and lasting.
A special feature of the service last Sunday was singing by the Central Alliance Prohibition Male Quartet, consisting of Messrs. Race, Goodnough, Rominger and Harrison.
A solo and short talk by Mr. Race was much enjoyed.
That the earnest labor of love of Mrs. Scott, familiarly known as Mother Scott, is appreciated is shown by the fact that every year the inmates have voluntarily subscribed sufficient money to send her away on a brief vacation, this being the officers now in charge is very friendly to the inmates, and while perfect discipline is maintained, the officials show an interest in the moral and spiritual as well as material welfare of their charges.

DEATH OF C. C. SHEPP.
Indiana Oil Man Died Suddenly at Lima, Ohio—Suicide Theory.
A special to The News from Lima, O., says:
"Oil men here are saddened by the sudden death yesterday of Charles C. Shepp, one of the most popular oil leaders and producers in the Ohio-Indiana field, and formerly a resident of Indianapolis."
"His death, said at first believed suicidal, as quantities of morphine were found in the stomach. Friends later denied the theory, and say it was due from severe cramps, after heavy drinking. Shepp was about town Sunday and entered the Oak Park, where he took some whisky. Shortly after he was seized with cramps, and three physicians worked all night, retaining life by artificial respiration."
"His wife is now in Winchester, Ind., and has been notified. A brother from Montpelier, Ind., arrived yesterday. Shepp was forty years of age, a wealthy, having owned a number of good oil properties here and in the Indiana field. The body is in the morgue here, and will be shipped until the coming of his wife."
